Primavera

VESPA IS YOUNG

Vespa is a timeless Italian style icon that goes beyond mere trends. Thanks to unique design and technology, it has been a symbol for more than 70 years, because it is unique and always unexpected. Vespa is much more than just a scooter: it's the companion of countless adventures, a reflection of our own personality, a celebration of design, technology, and independence. For generations it has inspired freedom, mixing elegance, audacity, and style, and adding a bit of unpredictability and color to our lives.

Vespa.
The classy, irreverent side of light mobility.

Vespa®

VESPA PRIMAVERA 50 / 125 / 150

Vespa Primavera features modern, flowing lines that recall the “key points” of the stylish and exclusive “Vespa 946” image, which characterizes the new body, offering many new features and increasing the final quality. The increased space between the seat and handlebars, as well as the seat height that improves access to the ground, increase the interior space for driver and passenger. The wheelbase and increased length improve stability while maintaining the smooth ride and agility of every Vespa. The saddle also hosts a full-face helmet without problems. It also features daylights and taillight with LED, new digital instrumentation with trip computer, USB port, 50 4S 3V, 125 4S 3V Euro 4 with ABS and 150 4S 3V Euro 4 engines with ABS to improve fuel consumption and reduce emissions.
